To whom it may concern,

I was extremely excited when I saw your posted position, I'm currently working as a lead developer overseeing a team of junior developers and two projects. I've redesigned and redeployed an application in our environment to over 45,000 computers, and my self service portal is seeing increasing usage and benefit from the automation it provides having reduced up to 25% of call volume to the desk on some days.

I'd like the opportunity to bring my experience to a new environment and work towards a new goal with your company. I have attached my resume and two letters of recommendation from managers of my team. If you have any further questions feel free to reach out to me at (479) 757-0110

thanks

A handwritten signature in black ink that reads "Roger Hernandez". The signature is written in a cursive, flowing style with a large initial "R" and a distinct "H".
